### **REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance: The prior art of record fail to teach or suggest a clip applier having a magazine and plunger a grip assembly including a handle; an applicator barrel attached to the grip assembly; the magazine having a passage separated by a divider shim and a distal end of the magazine defines an exit aperture the magazine passage adapted to hold at least one blood vessel clip, wherein the magazine includes a constricted region narrower than a head of the blood vessel clip, the constricted region spaced apart from the exit aperture and having a narrowest point narrower than the exit aperture; and a plunger extending into the plunger space, the plunger operably connected to the grip.

For these reasons the claims are believed to be allowable over the art record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
